Базовый чек-лист для комплексной тренировки всех навыков

Top Secrets of Learning English in an Effective Way

Базовый чек-лист

1. Один раз смотрите/слушаете оригинальный ролик, пытаетесь понять, о чем говорят, но при этом не расстраиваетесь, если сразу чего-то не понимаете и не можете расслышать.

2. Смотрите видеоурок с полным разъяснением изучаемого материала, внимательно следите по транскрипту.

3. По мере просмотра видеоурока или занятий со слайдами записываете нужные вам фразы, устойчивые выражения и пр. или сразу заносите их в программу для активного пополнения словарного запаса *Anki*.

Базовый чек-лист

4. Если вы не можете разобрать какие-то слова, обратитесь к аудиословарю forvo.com.

5. Чтение + аудирование. Включаете видео- или аудиоролик в оригинальном исполнении носителей языка. 3-5 раз слушаете носителей языка, следите внимательно по тексту, обращаете внимание на особенности произношения. Для большего удобства рекомендую использовать интерактивные транскрипты или субтитры. Вы также можете работать с аудиотренажерами, если они у вас есть.

Базовый чек-лист

6. Аудирование. Убираете текст. Теперь слушаете без текста 3-5 раз, при этом не пытаетесь мысленно переводить. Текст вам уже знаком, воспринимайте его так, как будто говорят по-русски.

7. Аудирование + чтение + говорение. Включите запись в программе Audacity или можете использовать любой гаджет, где есть функция диктофона. Включите оригинальный ролик носителя языка, удобнее слушать носителей языка в наушниках, прочтите транскрипт вслух одновременно с тем, как произносят его носители языка. Как только закончили, нажмите на Stop и сохраните свою аудиозапись. Аудиозапись вам потребуется в самом конце работы с материалом, когда вы сравните то, как вы произносили в самом начале с тем, что вы получили в результате плотной работы с материалом.

Базовый чек-лист

8. При необходимости прочтите транскрипт вслух вместе с носителем языка еще 1-2 раза.

9. Аудирование + говорение. Включите оригинальный ролик и останавливайте его после каждого предложения и пробуйте воспроизвести вслед за носителем языка. Имитируйте все нюансы речи носителя языка, которые вы слышите. Почувствуйте себя тем человеком, речь которого имитируете. При необходимости повторите 1-3 раза. Помните, важно делать столько раз, сколько вам необходимо для достижения результата.

Базовый чек-лист

10. Включите видеоролик, говорите практически одновременно с носителем языка БЕЗ текста. Произносите все сразу же, как только слышите, в идеале с отставанием в четверть секунды. Скорее всего, у вас не получится с первого раза хорошо произнести, близко к произношению носителя языка. Повторяйте столько раз, сколько необходимо для достижения результата.

11. Почувствовав, что вам все это дается легко, вновь запишите себя, когда будете в последний раз работать с видеороликом. Снова включите первую запись, прослушайте, как вы говорили в самом начале, потом прослушайте вторую запись. Оцените свой прогресс.

Базовый чек-лист

12. Аудирование + письмо. Устраиваете себе диктант: останавливаете запись, пробуя набрать или написать текст, прозвучавший в оригинальном ролике. Затем сверяете его с транскриптом.

13. Выполняете специально разработанные интерактивные упражнения на аудирование, если они у вас есть.

14. Проходите итоговый интерактивный тест, если он у вас есть.
